Work Experiences

ExtremeITBd | WordPress, HTLM5, CSS3, PHP, JavaScript

Plugin Developer | August 2024 - Present
Location: Remote

- Revamping wpappsdev.com; an e-commerce website to sell WordPress plugins. Developed the UX/UI using Figma.
- Added features to existing plugins.

City Electronics Industries LTD. | WordPress, Elementor, Figma

Front-End Developer | January 2024 - March 2024
Location: Bogura, Bangladesh

- Fixed issues, added additional pages, and features to the company e-commerce website using Elementor.
- Developed UI of new pages using Figma.

Webwizarts | ReactJS, TypeScript, TailwindCSS, Figma

Front-End Developer | January 2023 - September 2023
Location: Remote

- Developed front-end of **Video Voyage;** an interactive Video Solution for businesses using ReactJS, TypeScript, TailwindCSS, Redux, React player, React Draggable etc.
- Developed UX of **TLDR;** a reading app that uses AI to summarize a news or article to let users read main theme, using Figma.

Oqtave Web Solutions | GulpJS, JavaScript, HTML5, Bootstrap, SCSS, CSS3

Front-End Developer | August 2020 - December 2020
Location: Remote

- Developed MathaMax; A contemporary one-page scrolling website. Implemented GulpJS in the build process to automate the optimization process resulting in less development time.
- Developed **ClickFunnel advertisement pages** for webinars using HTML5 and Bootstrap library.

Featured Project

The Shoppies –
Shopify 2021 Intern Challenge

- Implemented a single component capable of rendering two distinct sets of data: a list of nominatable movies and another list of denotable movies. Utilized additional props to distinguish between the two types of data.
